A Letter to Our Customers

Welcome to Symmetry Surgical! Thank you for allowing us to be your trusted partner for surgical instrumentation. When we combined the portfolios of Specialty Surgical Instrumentation (SSi), Olsen® Medical and the surgical instruments division of Codman & Shurtleff, Inc., we aspired to elevate what you expect from a medical device company—creating the industry standard for quality, customer service and total value.

Whether you've worked with our legacy businesses for many years, or we've recently begun our relationship, we want you to know that our Promise to our Customers drives every decision we make:

- We are passionate about our mission to improve patient outcomes.
- We are dedicated to delivering exceptional quality and service.
- We are collaborative with our customers, responding directly to clinician and provider needs with new innovations that help deliver superior patient care.

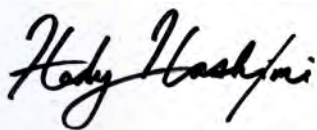

To help deliver on our Promise to our Customers, we're very excited to provide you with the Symmetry Surgical Instrument Desk Reference, the latest release of our medical device catalog. This catalog represents the industry's most comprehensive portfolio of surgical instruments and products that have been developed from your suggestions and insight, as well as our knowledge and expertise in this marketplace.

We're truly grateful to our expanding customer base of thousands of hospitals, surgical centers and medical offices around the world. We continue to make considerable investments in our business, with the goal of making our company easy—and a delight—to do business with. As we grow our business, we're investing in our people, products and processes—creating an environment of quality and accountability that enables us to maintain the highest standards and levels of compliance possible.

We work hard every day to fulfill our Promise to our Customers. We take great pride in making sure that every experience with our company is a positive one, whether on the phone, via fax or email, or online. Superior customer service will be a keystone of our brand and an attribute that differentiates us from the rest in the industry.

If we can ever be of assistance to you, feel free to call us directly. We sincerely appreciate your business and thank you for your continued support.

Sincerely,

Hedy Hashemi
Vice President, Global Marketing

Keith Sweeney
Vice President, US Sales

Please note: Codman & Shurtleff, Inc. continues to be one of the largest neurosurgery, neurovascular and neuromodulation companies in the world. Symmetry's acquisition pertained only to Codman's reusable stainless steel and titanium surgical instrument and retractor systems, sterile disposable surgical products (vein strippers, SECTO® dissectors, tonsil sponges and surgical marker pens), and sterilization containers.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

To find a section, look along the right-hand thumb tabs. The tabs are organized alphabetically to help you easily find what you need. You'll notice we have included special sections highlighting surgical instruments that are designed specifically for obese patients and pediatrics. We hope these options give you even more flexibility to find the instruments you need quickly and easily.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

Finally, we know a well-designed index is the most important tool to helping you find what you need. Our catalog features an index that includes products listed by proper name, function and product code.

Resources

Throughout the catalog, we have included many tools to make it more valuable to support the way you work best. We're including actual product photos in our catalog, most often in color! When a single photo represents a product family, we identified the product code in the photo. And, we've included tabbed sticky notes to mark your favorite products, rulers, French size charts, suture charts, a magnifying bookmark and other fun and handy reference materials. We hope you find them delightful as you explore the new catalog.

On the front page of each section, you'll find a QR code, which, when scanned with your smart device's QR code reader, will take you to the Symmetry Surgical website where you can locate additional resources.

And, as always you have the benefit of a global team of surgical instrument experts available to answer your questions. Whether it's related to our catalog, our products or an industry topic, we're available to help you at every turn.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

Symmetry Surgical reserves the right to modify these Terms and Conditions at any time without prior written notice. No additions to or modifications of these Terms and Conditions will be binding on Symmetry Surgical unless agreed to in writing and signed by an authorized representative of Symmetry Surgical and these Terms and Conditions represent the entire agreement between the parties and completely supersede any prior agreements or understandings, whether oral or written.

Symmetry Surgical specifically objects to and does not accept any other Terms and Conditions that may be proposed by the buyer, included on any Purchase Order or other communication. Acceptance by Symmetry Surgical of buyer’s purchase order(s) is expressly conditioned on buyer’s assent to all of the Terms and Conditions contained herein.

Ordering Information

Symmetry Surgical is proud to provide quality products, combined with exceptional customer service, for the complete product line. Our global customer service team is available 8:30 AM to 6:30 PM (EST) and 7:00 to 16:00 (GMT), Monday through Friday, excluding holidays. All orders that are not paid via credit card require a purchase order number and contact name. Credit card orders are accepted via phone 1.800.251.3000 (US) and +41 (0) 52 557 59 00, GHX, EDI and the web. All orders are subject to acceptance by Symmetry Surgical.

To ensure accuracy in ordering, please include the following information when placing your order:

1. Your Customer Number*
2. PO Number
3. Buyer Name with Contact Number and Email Address
4. Catalog Number
5. Quantity
6. Unit of Measure
7. Product Description
8. Complete Billing and Shipping Addresses
9. Special Instructions (e.g.: etching, color coating, method of shipment)
10. Pricing

*Your customer number can be provided for you by the Symmetry Surgical Customer Service Department. All orders are subject to acceptance by Symmetry Surgical.

Terms & Conditions of Sale

GLOBAL HEALTHCARE EXCHANGE (GHX)

Symmetry Surgical offers secure online ordering through the Global Healthcare Exchange. GHX provides a connection point for healthcare buyer organizations to electronically trade with their vendors through the GHX exchange. Existing GHX Connect Plus Customers can set up ordering from Symmetry Surgical by completing a supplier on-boarding form through GHX.

ORDER BY PHONE

Our Customer Service representatives are available by phone Monday through Friday between the hours of 8:30 AM and 6:30 PM (EST) at **1.800.251.3000** and 7:00 and 16:00 (GMT) at **+41 (0) 52 557 59 00**.

ORDER BY FAX

You may fax your order 24 hours a day via our toll free fax number **1.800.342.3272** (US) or **+41 (0) 52 557 59 99**. A full confirmation of your order, including reference number and pricing information, will be faxed to you within 24 hours Monday through Friday.

ORDER ONLINE

Our website www.symmetrysurgical.com enables licensed medical facilities to electronically order products via a secure internet connection. To sign-up for online ordering, please follow the instructions in the enrollment document on the website.

ORDER BY EMAIL

You may email your order 24 hours a day to **orders@symmetrysurgical.com** (US) or **internationalorders@symmetrysurgical.com**. A full confirmation of your order, including reference number and pricing information, will be emailed back to you within 24 hours, Monday through Friday.

ORDER BY MAIL

Purchase orders may be addressed to:

Attn: Customer Service

Symmetry Surgical Switzerland GmbH
Bühlstrasse 27
CH-8200 Schaffhausen
Switzerland

AUTHORIZED DISTRIBUTORS

Call Customer Service to find a Symmetry Surgical Authorized Distributor local to your facility at **+41 (0) 52 557 59 00**.

New Customer Setup

Symmetry Surgical only sells to licensed physicians, authorized distributors and facilities. A new customer must complete a customer maintenance form and credit application to establish an account with Symmetry Surgical before orders may be shipped. To establish an account, please contact your local Sales Representative or go to our website to register as a new customer.

Prices

Prices are as listed in the Symmetry Surgical current price list, and are subject to change without notice. Prices do not include taxes or shipping costs. Receipt of the Price List or these Terms and Conditions does not authorize buyer to purchase all products listed. Buyer's current purchasing authorization will remain in effect.

GPO and Contracted pricing agreement eligibility will be maintained for all member customer accounts. Customers with significant purchasing volumes that are not members of a contract may be interested in reviewing the features of our Annual Purchase Agreement. For further details, contact your Symmetry Surgical sales representative. Written price quotations are available from the Symmetry Surgical Customer Service Department or your local sales representative.

The prices displayed on our website are quoted in U.S. Dollars. We attempt to be as accurate as possible. However, we cannot warrant that product descriptions or other content on the website is complete, reliable, current, or error-free.

If a product offered by us is not as described, your sole remedy is to return it in unused condition for a refund of the purchase price.

Prices in the Price List are for One Unit, unless otherwise noted. Where prices are for more than One Unit, the minimum shipping units must be ordered.

Terms & Conditions of Sale

REPORTING PRICING DISCREPANCIES

Report all pricing and/or billing charge discrepancies within 30 days of the physical delivery date via email, phone, and/or debit memo. Failure to provide notification within 30 days of the physical receipt of an order will be grounds for denial of the claim.

REPORTING OF DISCOUNTS

The value of any rebates, discounts, incentives, or product provided at no charge to customer may constitute a "discount or other reduction in price" under Section 1128B(b)(3)(A) of the Social Security Act [42 U.S.C. Sec. 1320a-7b(b)(3)(A)]. Buyer must satisfy any and all requirements imposed on buyers relating to discounts or reductions in price, including, when required by law, to disclose all discounts or other reductions in price received from Symmetry Surgical and to accurately report under any state or federal health care program the net cost actually paid by the buyer.

Payment Terms

Payment terms are net 30 days.
All payments must be in U.S. Dollars.

Shipment Terms

All shipments will be assessed shipping charges, which will be prepaid and included in the invoice at the then-current published rates. Our default carrier and shipping mode is FedEx Ground. Shipping terms are F.O.B. Shipping Point and title passes to buyer when a product is provided to the carrier. Customers can elect to use their own carrier account number (UPS or FedEx) and can designate a default mode of transportation. Expedited shipping costs will be passed through at the current published rates for the expedited service level desired (Next Day, 2nd Day, Early AM, Saturday Delivery).

SERVICE LEVEL CUT OFF

Domestic Ground	3:30 PM (EST)
Domestic Rush	5:30 PM (EST)
International	Weekly Consolidated Orders

The standard order cut-off time for same day shipments is 3:30 PM EST. All orders will be shipped ground unless requested otherwise at the time of your order. We are committed to same day shipping for expedited and rush orders of stocked products for orders received by 5:30 PM (EST).

REPORTING SHIPMENT DISCREPANCIES

You must report all shipment discrepancies (shipping, shortages, overages, missing documents, damages, etc.) to Symmetry Surgical Customer Service within 15 calendar days of physical delivery date via email, phone and/or debit memo notification. Failure to provide timely notification within 15 days of physical receipt will be grounds for denial of the claim, and unsubstantiated invoice deductions will not be allowed.

When reporting claims, have the following information available:

- Purchase information (purchase order and invoice number);
- Type of discrepancy and requested Symmetry Surgical action;
- Product information (Symmetry Surgical catalog number, lot or batch number);
- Quantity of products per the packing list;
- Unit of measure terms;
- Contact information (contact name, email, telephone and fax number);
- Copy of carrier's bill of lading or delivery receipt signed by receiving personnel which includes number of packages received and any visible damage noted;
- All proof of delivery requests must be made to the collection department within 90 days of invoice date. Any requests made after 90 days will be denied and the invoice will be due and payable in full.

If you select to ship with your own carrier account number, any claims for damages in transit will need to be filed by you as the shipper with your carrier.

Terms & Conditions of Sale

Return Goods Policy

Symmetry Surgical will accept product returns only to the extent that such products were purchased directly from Symmetry Surgical and returned within 90 days from invoice date.

All product returns must have a Return Goods Authorization (“RGA”) attached with return paperwork. Returns will not be accepted for full credit without an RGA issued by Symmetry Surgical. Returns are to be shipped to the address indicated on the RGA.

To obtain an RGA, email, fax or phone your request to Customer Service via the modes of contact listed on page VIII. In your request you must include the following information:

- Purchase information (purchase order and invoice number);
- Reason for return, including a description of any damage, if applicable;
- Product Information (material number, lot number, UOM, pallet condition, expiration date and quantity);
- Contact Information (contact name, phone and fax number);
- The price(s) you paid for the products you are seeking to return. In the absence of this information, Symmetry Surgical will price returns at the published Best Distributor Price.

An RGA will not be issued, nor will credit be given for the following:

1. Product returned WITHOUT an RGA;
2. Product not purchased from Symmetry Surgical or an Authorized Distributor;
3. Products that are temperature controlled;
4. Products returned in a condition that prevents resale.

Examples include, but are not limited to:

- Discontinued products (Products no longer carried in the current Symmetry Surgical Price List);

- Non-stockable products (Products which have been used);
- Make to Order instruments (Products not included as stocked inventory);
- Custom made instruments;
- Products held beyond 90 days from invoice date;
- Partial kits;
- Engraved, Etched or Color-coded instruments;
- Expired product or product outside minimum dating requirements;
- Units of measure less than Symmetry Surgical’s original unit of issue;
- Product not in original packaging;
- Product that has been cleaned, lubricated, washed, or sterilized.

Product returns MUST be completed within 15 days of the issuance of the RGA to be eligible for full credit. If returned product is shipped after the 15 day expiration of the RGA and the product is received in saleable condition and within shelf life guidelines, Symmetry Surgical reserves the right to refuse the return or charge additional restocking fees.

All non-returnable products will be returned directly to the customer, F.O.B. Destination with a letter of explanation. Returns will be assessed a 15% restocking fee for all product returned between 30–90 days from Original Shipment Date. Returns over 90 days are not eligible for credit.

Make-To-Order Policy

Some products are designated as Make-To-Order because these products have low demand or custom specifications.

Make-To-Order products are delivered according to the noted lead time and transportation time (based on transportation mode). If a transportation mode is not specified on the order, then ground transportation will be utilized.

Terms & Conditions of Sale

Order cancellations, requested delivery date changes or quantity reductions of Make-To-Order products will only be honored within one (1) business day of order placement, after which time no cancellations, requested delivery date changes or quantity reductions will be honored.

Make-to-order products do not qualify for return privileges.

Instrument Repair & Restore Programs

REPAIR PROGRAM

Symmetry Surgical provides a quality repair service for instruments from all manufacturers. Every effort is made by our skilled craftspeople to see that damaged instruments are repaired to optimal working condition. Repaired instruments deemed unacceptable such as those modified by a third party may be returned. Your satisfaction is guaranteed. For Repairs contact repairs@symmetrysurgical.com.

REPAIR & RESTORE WARRANTY

Repair and Restore products are warranted to be free from defects in workmanship and material with respect to the Repair and Restoration work only, and not with respect to the original instrument for 90 Days.

Symmetry Surgical's Repair and Restore Service provides hospitals with an opportunity to refurbish all types of surgical instruments. When performed on a routine basis, the Repair and Restore Service provides the necessary preventive maintenance required by most surgical instruments.

Special Orders

Symmetry Surgical Customer Service Department provides hospitals and surgeons with surgical instrumentation customized to individual specifications. Order forms for "Specials" can be obtained from your sales representative or by contacting the Customer Service Department at 1.800.251.3000 (US) or +41 (0) 52 557 59 00.

Specially manufactured or non-catalog products may be subject to separate terms and conditions of sale. For pricing, delivery, and more information regarding special order products, please call the Customer Service Department at 1.800.251.3000 (US) or +41 (0) 52 557 59 00.

In-Service Instrument Care

Symmetry Surgical provides an In-Service Program on "The Care and Handling of Surgical Instruments" for our surgical instrument customers. This service is conducted by your local Symmetry Surgical Sales Representative.

Export Law Compliance

U.S. law regulates the export, re-export or other transfer of the products that are sold by Symmetry Surgical and purchased under the terms set forth herein. Any required U.S. and non-U.S. government authorization must be obtained prior to shipment, and diversion contrary to U.S. and non-U.S. law is prohibited.

By ordering products from Symmetry Surgical, the buyer agrees to comply fully with all applicable export control laws and regulations of the United States and applicable foreign governments, and expressly assumes responsibility for determining whether a subsequent transaction requires U.S. and non-U.S. government authorization and, if so, for obtaining such authorization before shipping or otherwise transferring the products to another party. Buyer shall not knowingly use, resell or distribute any Symmetry Surgical product directly or indirectly for the development, production or proliferation of weapons of mass destruction (nuclear, chemical, or biological) or missile delivery systems, and/or for terrorist activities.

Business Conduct

In connection with its efforts relating to Symmetry Surgical, Buyer must comply with all applicable laws and regulations. Any conduct inconsistent with laws and regulations which would subject Symmetry

Terms & Conditions of Sale

Surgical to the imposition of any penalties may result in termination of any business relationship between Buyer and Symmetry Surgical, including but not limited to the termination of any contract between them and/or the refusal of Symmetry Surgical to provide products of service to Buyer.

Governing Law & Dispute Resolution

This Agreement shall be governed by and construed in all respects in accordance with the laws of the state of Tennessee in the United States of America.

All claims or differences or other disputes, which arise out of or in connection with this appointment, which cannot be amicably settled by mutual discussion and consent shall be settled, litigated or resolved by the state or federal courts in Nashville Tennessee (or those serving Nashville, Tennessee), or courts of Schaffhausen, Switzerland for international orders, and the parties hereby submit to the exclusive jurisdiction of such courts over any dispute. Each party will bear its own costs in such proceedings.

Distributor Terms & Conditions

Please contact your Symmetry Surgical Representative for details about Distributor Terms & Conditions.

Warranty

The products shown in this catalog are warranted to be free from defects in workmanship or materials. Specific warranty periods and other warranty terms vary and specific warranty information may be included in package inserts with specific products or in operator's manuals for specific products.

Many of the instruments shown in this catalog are manufactured and hand finished by skilled craftsmen. Consequently there may be slight variations in the dimensions of an instrument from those given in the listed specifications. Symmetry Surgical reserves the

right to change or modify the design or dimensions of our products at any time and without notice. Photographs in this catalog are not to scale and may not precisely represent the product.

CLASSIC® branded surgical instruments are warranted for workmanship and materials for five (5) years.

All tungsten carbide inserts on CLASSIC PLUS® Needle Holders & Forceps are guaranteed for five (5) years of normal use.

All STELLITE inserts on CLASSIC PLUS® scissors are guaranteed for ten (10) years of normal use.

Electrical products are sold with product inserts and/or owner's manuals and additional warranty information is contained therein. For disposable and silicone products, in addition to the warranty printed on this page, the products are warranted to be in a sterile condition if the package in which the product is contained is intact in its original sealed condition. For specific warranty information contact your local Symmetry Surgical sales representative or call Customer Service.

WARRANTY REMEDY

Any product which proves defective in workmanship or materials will be repaired or replaced at our discretion free of charge. Please contact our Customer Service team at 1.800.251.3000 (US) or +41 (0) 52 557 59 00 to report a warranty return.

LIMITATIONS

Alteration, repair, modification or removal of lot numbers of any product which is performed by persons not authorized by Symmetry Surgical will result in immediate voiding of warranty.

Sterilization by unapproved methods will result in immediate voiding of warranty.

Terms & Conditions of Sale

EXCLUSION OF OTHER WARRANTIES AND REMEDIES

Except for the express warranty referenced above, Symmetry Surgical disclaims all other warranties, express or implied, including the implied warranty of merchantability and fitness for a particular purpose. The stated warranty and remedy provided are exclusive and in lieu of all other warranties and remedies provided by law.

LIMITATION OF LIABILITY FOR DAMAGES

Symmetry Surgical shall not in any case, be liable for direct, indirect, special, incidental or consequential damages arising from breach of warranty, breach of contract, negligence, or any other legal theory. Such damages include but are not limited to, punitive or exemplary damages, loss of profits or revenues, loss of use of the product or any associated equipment, cost of capital, cost of any substitute product, facilities or services, down-time costs, lost reputation, or claims of buyers for such damages. The limit of Symmetry Surgical's liability to Buyer for any Product(s) sold or services provided is limited to the amount paid by Buyer for the Product(s) that are the subject of any particular claim by Buyer against Symmetry Surgical.

Products offered by Symmetry Surgical are not available in every market.

About Symmetry Surgical

About Symmetry Surgical

Symmetry Surgical is dedicated to developing high-quality surgical instruments that respond to clinicians' needs as they arise, making a real difference in the lives of patients.

Our broad portfolio also brings together the rich history and distinctive product lines of the recently acquired stainless steel and titanium surgical instruments of Codman*, the surgical instruments of Specialty Surgical Instrumentation (SSI) and the electrosurgery instruments of Olsen® Medical.

Offering one of the most comprehensive suites of surgical instruments in the industry, we continue to collaborate with clinicians, global medical device manufacturers and thousands of hospitals to provide solutions for today's needs and tomorrow's growth.

Headquartered just outside of Nashville, TN with an international office in Schaffhausen, Switzerland, Symmetry Surgical is a wholly owned subsidiary of Symmetry Medical Inc. (NYSE:SMA).

Simplifying Global Business

Symmetry Surgical understands the global marketplace and has a dedicated international team, including international customer service representatives, international business specialists, and international sales specialists. We have local representation through a network of authorized distributors or direct sales representatives in practically every nation.

If you would like more information on authorized sales agents in your country, please contact: internationalorders@symmetrysurgical.com
Our international team is dedicated to supporting and managing the business efforts of our global customers and distributors—providing service that exceeds expectations.

*Please note: Codman & Shurtleff, Inc. continues to be one of the largest neurosurgery, neurovascular and neuromodulation companies in the world. Symmetry's acquisition pertained only to Codman's reusable stainless steel and titanium surgical instrument and retractor systems, sterile disposable surgical products (vein strippers, SECTO® dissectors, tonsil sponges and surgical marker pens), and sterilization containers.

Continuing Education

We are passionate about collaborating with our clinical partners and providing Continuing Education (CE) Workshops and Training Programs for CE Credit on a variety of topics. We believe that sharing educational courses that assist our customers in their daily practice is an important way to keep our relationship strong and to share our mutual goal of exceptional patient care.

The Making of a Surgical Instrument

Symmetry Surgical has a dedicated facility and team in Tuttlingen, Germany, the global center for high-quality surgical instrument manufacturers. Instruments are manufactured in conformance with proven processes that combine the latest technologies with the time-honored traditions that are the foundation of the craft of instrument manufacturing.

Well trained and experienced surgical instrument makers produce the instruments by hand. Masters in their profession, instrument makers fine-tune each instrument before it is shipped to our inspection and receiving site, where each receives a thorough review for quality and fine craftsmanship.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

Product Complaint? Call 800-251-3000

Patient safety is our #1 priority. We are committed to delivering exceptional quality and service. Compliance with domestic and international medical device regulations is strictly maintained at all times.

Product complaints are addressed promptly by our Complaint Handling Team. Contact Customer Service and request a Return Material Authorization (RMA) to begin the investigation process. Please return the instrument (with the original package and label – if available) along with the RMA form.

A representative will contact you within 48 hours of receiving the returned instrument with details regarding the steps we will take to ensure you and your patients are satisfied with the instruments you purchase from us.

Single-use products are sold sterile.
Kits Include Forceps, 12 ft (3.6 m) Cord and Surgi-Wipe.

History of Symmetry Surgical's Energy Portfolio

In 1973, Olsen® Medical introduced the first line of single-use monopolar electrosurgical handles for use as electrosurgical pens and pencils.

Now part of Symmetry Surgical, Olsen®'s innovative energy portfolio has expanded to include our Extendable Electrosurgical Pencil as well as a wide array of electrodes and monopolar forceps, cords and adapters to satisfy your needs.

Symmetry Surgical's Olsen® Bipolar Forceps

In 1988, Olsen® Medical introduced the first line of cost-effective, single-use bipolar forceps, and ten years later we introduced our innovative Midas Touch® non-stick bipolar forceps.

Today, as part of Symmetry Surgical, Olsen® continues to focus on innovative and cost-effective ways to improve patient outcomes.

Single-use products are sold sterile.
Kits Include Forceps, 12 ft (3.6 m) Cord and Surgi-Wipe.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

Symmetry Surgical Laparoscopic Instruments

FEATURE: PUSH DRIVE ACTUATION

Patented link mechanism eliminates the need for wings at the distal tip, while allowing for strong tactile feedback.

- Flushport to Assist in Cleaning
- Internal One-Way Seal helps prevent bio burden from flowing back up the inner lumens
- Ergonomic Handle Design for comfortable fit with precise control
- Laparoscopic Instruments Available In 45 cm Length
- Made in the USA

Laparoscopic instruments available in 45 cm length.

Retraction Grasping Forceps

Complete Instrument: Consists of Sheath, Replacement Jaw Assembly and Locking Carbon Fiber Handle

CODE	DESCRIPTION	DIAMETER	LENGTH
96-1056R-45	Atraumatic Teeth	5 mm	45 cm

Snake Tooth (COBRA) Grasping Forceps

Complete Instrument: Consists of Sheath, Replacement Jaw Assembly and Locking Carbon Fiber Handle

CODE	DESCRIPTION	DIAMETER	LENGTH
96-1069R	2 x 2 Teeth, Double-Action	5 mm	33 cm

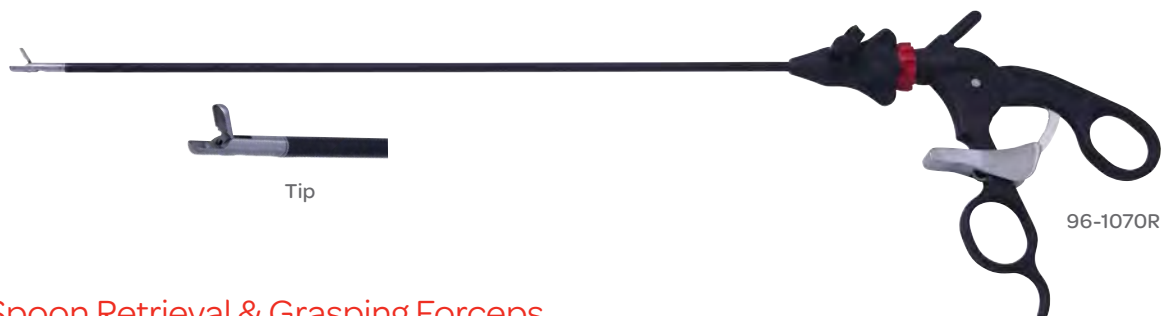

Stone Retrieval Forceps

Complete Instrument: Consists of Sheath, Replacement Jaw Assembly and Locking Carbon Fiber Handle

CODE	DESCRIPTION	DIAMETER	LENGTH
96-1070R	Single-Action	5 mm	33 cm

Symmetry Surgical RapidClean® Instruments

Three-piece modular design instruments with click and rotate.
Laparoscopic instruments available in 45 cm length.

Stone Spoon Retrieval & Grasping Forceps

Complete Instrument: Consists of Sheath, Replacement Jaw Assembly and Locking Carbon Fiber Handle

CODE	DESCRIPTION	DIAMETER	LENGTH
96-1072R	Ratchet Handle, Single-Action	10 mm	33 cm

Tenaculum Grasping Forceps

Complete Instrument: Consists of Sheath, Replacement Jaw Assembly and Locking Carbon Fiber Handle

CODE	DESCRIPTION	DIAMETER	LENGTH
96-1008R	Locking, 1 x 1 Sharp Teeth, Double-Action	5 mm	33 cm

Tenaculum Grasping Forceps

Complete Instrument: Consists of Sheath, Replacement Jaw Assembly and Locking Carbon Fiber Handle

CODE	DESCRIPTION	DIAMETER	LENGTH
96-1009R	Locking, 1 x 1 Sharp Teeth, Double-Action	10 mm	33 cm

Symmetry Surgical RapidClean® Instruments

Three-piece modular design instruments with click and rotate.
Laparoscopic instruments available in 45 cm length.

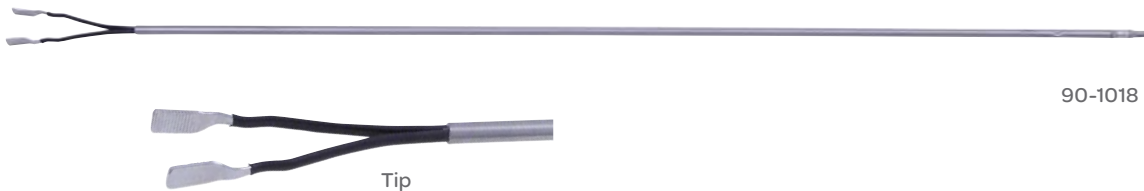

96-1053R

Wave Atraumatic Grasping Forceps

Complete Instrument: Consists of Sheath, Replacement Jaw Assembly and Locking Carbon Fiber Handle

CODE	DESCRIPTION	DIAMETER	LENGTH
96-1053R	Locking, Double-Action	5 mm	33 cm

Sterilization Solutions

Ultra™ Container System

The lightweight Ultra™ Container System helps keep heavy instrument sets within AORN and AAMI limits. Designed for durability, it weighs 30% less than comparable sterilization systems.

KEY BENEFITS:

- Extruded rails reinforce the base and lid rims
- 13 inch (330 mm) width provides acceptable packaging for most loaner instrumentation trays
- Five sizes accommodate both general and specialty instruments

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

Crockard™ Transoral Instrument Set

The Crockard™ Transoral Instrument Set is a coordinated set of instruments used to approach a large area of pathology from the sphenoid to the C3 vertebra via the transoral technique.

CODE	DESCRIPTION	QUANTITY
50-1670	Set Includes:	
50-1651	Crockard™ Transoral Retractor Body	1/Each
50-1652	Crockard™ Large Tongue Retractor Blade	1/Each
50-1653	Crockard™ Small Tongue Retractor Blade	1/Each
50-1654	Crockard™ 90° Retractor Blade	2/Each
50-1655	Crockard™ Curved Retractor Blade	2/Each
50-1656	Crockard™ Retractor Blade Connector	2/Each
50-1657	Crockard™ Suction Tube Holder, Short	1/Each
50-1658	Crockard™ Suction Tube Holder, Long	1/Each
50-1659	Crockard™ Hard Palate Retractor	1/Each
50-1660	Crockard™ Pharyngeal Retractor, Small	1/Each
50-1661	Crockard™ Pharyngeal Retractor, Large	1/Each
50-1662	Crockard™ Odontoid Peg Grasping Forceps	1/Each
50-1663	Crockard™ Ligament Grasping Forceps	1/Each
50-1664	Crockard™ Sterilizing/Storage Case	

Retractors (Crockard™)

Crockard™ Hard Palate Retractor

CODE	DESCRIPTION	LENGTH		WIDTH	
50-1659	Hard Palate Retractor	4 ¼ in	108 mm	1 in	25 mm

Crockard™ Mid-Facial Osteotomy Retractor Plate

Uniquely and exclusively fashioned to function with Crockard™ Transoral Instrument Set (50-1670), especially Tongue Retractor Blades (50-1692 and 15-1653) and Retractor Body (50-1651). For surgery of middle and upper clivus and transpalatal incisions. Retracts soft and hard palate from skull as tongue blade retracts hard palate downward.

Greenberg® Universal Retractor & Handrest Kit

The Greenberg® Retractor is a modular, self-retaining neurosurgical/microsurgical retractor system. The Greenberg® system provides the surgeon increased control and support in dissection as well as reliable exposure in multiple planes of retraction. A variety of configurations are possible with a combination of component parts. Speak to your Symmetry Sales Representative for a more complete description of the possible retraction levels.

	CODE	DESCRIPTION	LENGTH		TAPERED BLADE WIDTH		QTY
	50-1500	Includes the Following:					
BARS	50-1507	Greenberg® Primary Bar, Attaches to Skull Clamp	6 in	152 mm			2
	50-1508	Greenberg® Secondary Bar, Attaches to Primary Bar	12 in	305 mm			4
ARM	50-1509	Greenberg® Long Retractor Arm Attaches to primary or secondary bar	9½ in	241 mm			4

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

Karlin™ PG Magnum Ring Curettes

Unique, broad-neck fulcrum provides atraumatic leverage on opposing vertebrae end plates. Dual-coned, precision sharpened rings facilitate rapid, efficient bone sculpting and removal. Each instrument engraved with depth indicator to minimize potential for deep penetration.

Laparoscopic

Laparoscopic

Symmetry Surgical has a broad portfolio of laparoscopic instruments designed specifically for large or obese patients. Our extended-length laparoscopic instruments are 45 cm long, giving surgeons additional reach to aid in completion of procedures.

Visit the laparoscopic section in this catalog to see our standard as well as extended-length laparoscopic instruments.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

Our Values

- We are passionate about our mission to improve patient outcomes.
- We are dedicated to delivering exceptional quality and service.
- We are collaborative with our customers, responding directly to clinician and provider needs with new innovations that help deliver superior patient care.

Customer Focus

Whether you're a purchasing agent, nurse or surgeon, our goal is to develop a collaborative, service-oriented relationship that will allow us to meet all of your needs. Clinically trained as professional instrument specialists, our sales representatives are available locally to assist you with any instrument-related needs – including product checkups.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

Tip

Sales Team Training

When it comes to training our sales force, Symmetry Surgical's resources are truly exceptional! Each sales team member is clinically trained as a surgical instrument specialist – receiving comprehensive, hands-on clinical training from our staff, our surgeon inventors and our product specialists.

Legacy of Innovation

Many of Symmetry Surgical's innovations have come directly from practicing clinicians. We collaborate with our customers to identify and solve problems they face in their clinical practice – and pride ourselves on bringing the best solution forward.

Our Portfolio

With a robust pipeline and broad portfolio, Symmetry Surgical boasts one of the most comprehensive instrument and medical device offerings in the marketplace today. A leader in the surgical instrument market, we are 100% focused on surgical instrumentation. Our breadth of product line enables our customers to depend on us for virtually all of their surgical instrumentation needs.

The Surgical Instrument Desk Reference

How to Use Our Catalog

The Symmetry Surgical catalog is designed with you in mind, to be your trusted resource for surgical instrumentation. We took great care in creating an easy-to-use, robust catalog and we think you'll be pleased with the design as you become more familiar with our broad portfolio.

Layout

The catalog is organized by surgical specialty *and* product function.

And we know that it is difficult to pick up an instrument and know what specialty it's listed in. To make your job easier, we've sorted the instruments in our portfolio by surgical function, too, including Energy, Laparoscopic, Retractors and Sterilization Solutions.

U.S. Customer Service

Your Symmetry Surgical Customer Service team wants to make ordering surgical instruments the easiest part of your day. We accept orders via phone, fax, email, our website, Global Healthcare Exchange (GHX) and through the mail.

The Making of a Surgical Instrument

Symmetry Surgical has a dedicated facility and team in Tuttlingen, Germany, the global center for high-quality surgical instrument manufacturers. The instruments are manufactured in conformance with proven processes that combine the latest technologies with the time-honored traditions that are the foundation of the craft of instrument manufacturing.

Well-trained and experienced surgical instrument makers produce the instruments by hand. Masters in their profession, instrument makers fine-tune each instrument before it is shipped to our inspection and receiving site, where each receives a thorough review for quality and fine craftsmanship.

FlashPak®

Symmetry Surgical's Flashpak® is the first name in immediate-use sterilization.

- Hospital-proven mobile sterile field
- Closed system
- Fully automatic operation
- Meets all standards for immediate-use sterilization
- Differentiated appearance meets AORN and AAMI standards

FlashPak®

FlashPak®

The FlashPak® is a hospital-proven, closed-container system engineered for safe transport of immediate-use steam sterilized (flashed) instruments in a mobile, sterile field. Advanced plastic polymer construction provides long term durability.

KEY BENEFITS:

- Validated and FDA cleared for use in both gravity and pre-vacuum cycles
- Accepts standard wire basket and a wide variety of trays to accommodate many types of instruments
- Transparent lid for quick identification
- Constructed of high-performance engineering polymers

FlashPak® Units (Includes Base, Lid & Basket)

Quad-Lock® Sterilization Container

How to Choose the Right Quad-Lock® Container

1. Locate the instruments that will go inside the container and determine, based on the number, size and weight of instruments, what size basket is needed to hold these instruments.

NOTE: No instruments should sit above the inner edge of the basket.

2. Determine whether a **Solid Bottom Container Base** or **Filter Bottom Container Base** is appropriate based on the sterilization systems in use at your facility.

NOTE: To determine the height of the container base, add the height of the basket, plus 1 inch (25 mm) for the **Wire Base** (if used), plus 2 inches (50 mm) of clearance.

A wire base must be used with a **Filter Bottom Container Base**.

Filter Bottom Container Base Example:
2 inch (50 mm) Basket + 1 inch (25 mm) Wire Base + 2 inches (50 mm) clearance = 5 inches (127 mm).

Solid Bottom Container Base Example:
2 inch (50 mm) Basket + 2 inches (50 mm) clearance = 4 inches (101 mm).

3. Select a **Wire Base** the same length as the basket when using a Filter Base.
4. Consider a **Protective Mat** the same length as your basket, or upgrade to Accessory Instrument Organizers appropriate for your specific instrument set.
5. Add a **Filter Lid** in the color you prefer for each instrument set. Filter Lids are available in Gray, Yellow, Green, Blue, Red and Black.
6. Consider a **Security Lid** in the color you prefer for each instrument set. Security Lids are available in Gray, Yellow, Green, Blue, Red and Black.

See Product Information For Use for further details.

7. Consider **Ergonomic Hand Grips** in the color you prefer for each instrument set. Ergonomic Hand Grips are available in Gray, Yellow, Green, Blue, Red and Black.

8. Consider **Aluminum Nameplates** in the color you prefer for each instrument set. Aluminum Nameplates are available in Gray, Yellow, Green, Blue, Red and Black. Make note of what should be etched on each Aluminum Nameplate, up to a 45 character limit.

Don't Forget:

- Quad-Lock® Single-Use Filters
- Quad-Lock® Single-Use Paper Label with Indicator
- Quad-Lock® Single-Use Security Seals

Ultra™ Container System

C18135

Ultra™ Container System

The lightweight Ultra™ Container System helps keep heavy instrument sets within AORN and AAMI limits. Designed for durability, it weighs 30% less than comparable sterilization systems.

KEY BENEFITS:

- Extruded rails reinforce the base and lid rims
- 13 inch (330 mm) width provides acceptable packaging for most loaner instrumentation trays
- Five sizes accommodate both general and specialty instruments

Quick Kit

Quick Kit

The Quick Kit provides customized case solutions in a reduced timeframe. Quick Kits are ideally suited for use with large instruments: trauma, spinal or orthopedic.

Over 25 silicone and Radel® R brackets accommodate a wide variety of instruments.

KEY BENEFITS:

- Each bracket packaged with track and screws for easy assembly
- Unique hole pattern allows brackets to be placed at different angles in 45° increments
- Replacement tracks also available

Metal Level Assemblies

ScopePak

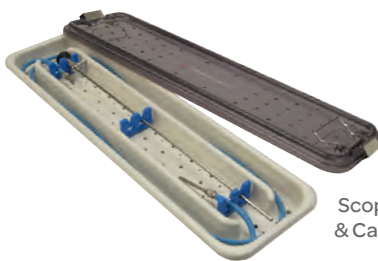

ScopePak Benefits

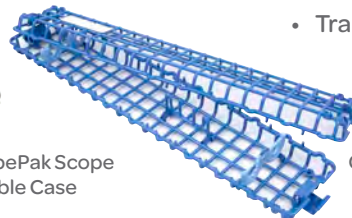

The ScopePak offers engineered protection for the handling and storage of costly endoscopes. Available in a variety of sizes to fit a broad range of endoscopes, each tray features silicone holding bars to secure the endoscope in place, and a transparent lid for easy identification.

KEY BENEFITS:

- Endoscopes are fixed in place with unique silicone holding bars
- ScopePak is compatible with steam and ETO sterilization
- Transparent lid allows for easy instrument identification

StackPak

StackPak

StackPak is a revolutionary new way to handle, transport, organize and sterilize delicate surgical instrumentation. The unique latch design creates a simple way to combine complex instrument sets into one neat package.

KEY BENEFITS:

- Fully modular system is compatible with all existing MultiPak accessories
- Add additional trays if the set expands
- Only ONE lid needed to cover the entire system
- New latch design allows you to stack trays while keeping them secure

StackPak Trays

TransPak

8600

TransPak

The TransPak was engineered to protect personnel from the hazards of contaminated instruments after surgical use. This strong, lightweight plastic soaking system is designed for minimized spillage and splashing, helping to protect hands and eyes from possible infection during transport to cleaning facilities. The TransPak meets AORN and ANSI/AAMI standards for proper transport of contaminated surgical instruments.

The removable insert tray permits the safe transfer of contaminated instruments with no hand contact; the TransPak itself can be transferred directly to a washer/decontaminator.

KEY BENEFITS:

- Minimized spillage and splashing protects personnel
- Engineered to withstand the rigors of repeat use
- Removable insert tray designed to accept MultiPak and many other instrument trays
